## About PROMIXCO

PROMIXCO started business 22 years ago as a supplier of healthcare products to various purchasing organizations in Bangladesh. It has since grown into a group of companies consisting of ten business units, engaged in both trading and manufacturing of mainly healthcare products.

Our factory has CE, ISO, FSC, BCSIR, DGDA, and GMP certifications and therefore guaranteed as conforming to international standards. We have expanded our product range over time and in 2010 became the first company to manufacture medical equipment and devices within Bangladesh.

The products manufactured by PROMIXCO are not only catering to domestic needs, they have a growing presence in international markets. We are thus contributing towards attaining the goals of the Government to have a flourishing and developed Bangladesh in a number of ways: (i) saving foreign exchange through import substitution, (ii) earning foreign exchange through export promotion, (iii) increasing industrial manufacturing capacity and diversity within the country, (iv) generating employment in the country, (v) helping ensure better health of the population which is essential for a nation's economic well-being, and (vi) enhancing the image and reputation of the country by supplying high-quality products to the global market.

We committed ourselves right from the beginning to supply quality medical equipment and devices at the most affordable prices, so that the financial burden of obtaining diagnostic and medical services at diagnostic centers and hospitals can be alleviated for the patients.

# MILESTONE OF PROMIXCO

---

**2000** PROMIXCO Limited commenced business. It will grow over time into the PROMIXCO Group.

---

**2001-2007** Most businesses involved Trading and supplying against Government tenders.

---

**2008** Initiated Research and Development to explore how imported products could be locally manufactured.

---

**2009** Began assembling selected products with PKD components sourced from the market.

---

**2010** Commenced toll manufacturing in Bangladesh and China

---

**2011** The Managing Director of PROMIXCO accompanied the Hon'ble Prime Minister of Bangladesh to the 4th United Nations Conference in Turkey on Least Developed Countries.

---

**2012** Participate in Global Exhibition Thailand, Singapore and Germany

---

**2013** Established PROMIXCO Industrial Park in Gazipur, and started manufacturing selected products in its own plant.

---

2014	Bangladesh Bank adopted a policy to reserve 15% of SME loans for women entrepreneurs. The Chairperson of PROMIXCO was a driving force for taking this policy through.
2015	Started manufacturing Hospital Furniture and Medical Equipment
2017	PROMIXCO obtained ISO certification.
2018	PROMIXCO received CE certification.
2019	PROMIXCO entered into a collaboration agreement with Cornell University for conducting research on overcoming antibiotic resistance, and other emergent issues.
2020 -2021	PROMIXCO provided protective material and equipment to the National Parliament, and the Offices of the President and the Prime Minister during the COVID-19 pandemic. PROMIXCO deployed its own personnel to facilitate the distribution of these products.
2022	The National Industrial Policy of 2022 included, for the first time, the Medical Equipment and Device Industrial Sector, and recognized it as a Priority Sector. This was the culmination of a long and tireless campaign by the Chairman of PROMIXCO.
2023	The Medical Equipment and Devices Manufacturers and Exporters of Bangladesh (MEDMEB) was formed. PROMIXCO was the principal promoter of this association, which now has 46 members.

## MEDICAL AND SURGICAL REQUISITES (MSR)

---

1. Air Mattress	34. ECG Paper	67. Mount Catheter
2. Airway Tube	35. Endo Tracheal Tube	68. NIBP Cuff
3. Alcohol Pad	36. ETT Paper	69. Nasal Oxygen Cannula
4. AMBU Bag	37. Face Mask	70. Nasopharyngeal Airway
5. Armor Tube	38. Feeding Tube	71. Nebulizer Machine
6. Atraumatic Chromic Catgut	39. First Aid Box	72. Nebulizer Mask
7. Autoclave Tape	40. Fistula Needle	73. Needle
8. AV Needle	41. Foley Catheter	74. Non-absorbable Suture
9. Baby Nasal Aspirator	42. Forceps	75. Oral Thermometer
10. Baby Weight Scale	43. Gallipot	76. Plaster of Paris
11. Bain Circuit	44. Gloves	77. Pregnancy Test Kit & Device
12. Blood Bag	45. Glucometer with Strip	78. Re-Breathing Bag
13. Blood Collection Unit	46. Gown	79. Roller Bandage
